## The N. S. G. W. Convention

The Grand Parlor of the N. S. G. W. completed its session in Marysville, April 30, and adjourned. The following officers were elected: J. R. Nowland, president; Daniel Ryan, first vice president; H. B. Litzberger, second vice president; Charles Davis, third vice president; Fred Jurg, secretary; John McDougal, treasurer; James Fitzgerald, marshal; R. G. Lawson, inside sentinel; Frank McCallister, outside sentinel.

Thomas Lennon, Thomas Mcnam, George Burns, J. J. Griffin, Dismark Bruck, N. C. Brundo and Louis Moser were elected grand trustees.

The Grand Parlor changed the time of meeting to the first week in June for next year at Lake Tahoe. The effort to increase the board of grand trustees to 15 was defeated, as was the move to establish junior parlors for boys between 12 and 18 years, and the effort to district the state for the election of grand trustees.

A resolution was adopted placing the election of officers under the Australian ballot system after this session.

## The Rose Carnival

The rose carnival will be a great and grand one. There is no doubt about this. The entry list is filling up well and it has been a long time since such general interests were manifested in a fiesta here. Saturday the writer learned a number of line features that will figure in the parade about which nothing has been said to date.

Last year it will be remembered the night parade was a fine feature what there was of it. But up to a short time before it took place there was no organization. This year, however, the night parade will be one of the conspicuous features of the program. There will be music, too. This latter feature was omitted last year merely because the parade was hurriedly arranged. The arrangements for the night display merely means, as far as entries are concerned, the addition of a few lighted Japanese and Chinese lanterns. The automobile division will be a great addition to the night parade as there will be scores of machines in line, the members of the San Francisco Motor Club who have their run here on carnival day being asked to participate.

At the first meeting of the General Committee of Arrangements this week Grand Marshal C. O. Dunbar will meet with the committee and line of march and the starting places and formation of divisions will be determined, also that very important matter—the time for starting the parade.

Arrangements have been made with the consent of Contractor Elhart whereby scores of automobiles brought by visitors will be stored in the basement of the big Court House. The capacity of all the garages will be taxed to their fullest capacity with machines, considering the large number that will come here from San Francisco and the bay cities on account of the Club run. The automobile association has charge of these arrangements.—Press Democrat.

## Presbyterian Convention

There will be a great convention of the Presbyterian Brotherhood in San Francisco, June 3 and 4, 1909. All the Presbyterian churches of Northern California are being asked to send delegates, and it is expected that these will number at least 600. The principal speakers will be men of national reputation, who will come to the coast following the General Assembly at Denver in May.

The Presbyterian Brotherhood has made great strides since its organization a few years ago, as the thousands who attend its conventions testify. The Pittsburgh gathering filled to overflowing the auditorium, which seated 500. Only men are admitted to the meetings.

It is expected that a great impetus to Presbyterian church work as well as the Brotherhood movement will come as a result of the conventions on the coast.

## SEASONABLE SYMPTOMS

There's a feeling o'er me stealing  
That there's something in the air  
That dispels both my lassness  
And the hills my joints with care.  
There's an atmosphere of Patmos,  
Or some other lazy clime,  
Where the worker is a shirker  
Ten-elevens of the time.

And for toiling I'm not spolling  
As sweet May comes along,  
And I'm not to the look in  
Dulging in his morning song.  
I've a leaning over the vine,  
For the hammock and the vine,  
There's a slinky and a flakey  
Sort of silver in my spin.

There's a sing-song sort of spring-song  
That is ringing in my soul,  
And a notion that all motion  
Is the harbinger of dole,  
I'm not lazy, but I'm hazy,  
And I'd give most anything  
Just to scribble and to scribble  
For the balance of the Spring!

—Carlyle Smith in Harper's Weekly.

## Ten Years Imprisonment

Sentence of ten years imprisonment in Folsom prison was passed by Judge Seawell on Monday upon Ed. Nixon, the man who on Feb. 9th, tried to burglarize the N. W. P. depot and who was caught in the act by Constable Ryan.

Before passing sentence Judge Seawell dwelt upon the enormity of the offense of burglary in the first degree when a man enters a building for the purpose of committing a robbery and willing to go to the extremity of taking life if it becomes necessary to accomplish his escape or purpose.

The trial had been delayed until Monday awaiting evidence from an eastern firm regarding Nixon's character, by whom he stated he had been employed for some time and would give him a good character. The reply came that they did not know much about Nixon being unable to remember him from a score of men employed from time to time by the concern.

Nixon appeared to be momentarily staggered by the sentence, but quickly recovered and saying nothing walked directly from the courtroom.

## Robbers at Navato Station

Armed with a heavy navy revolver Graham Overton, a local expressman, fought a running pistol duel with two cracksmen who had blown open the safe in the North western Pacific station early Saturday morning at Navato.

Several shots were exchanged between the robbers and the pursuer, and the fugitives were being rapidly overtaken when they boarded the outgoing night freight then passing and made their escape.

The attempted robbery occurred about 3 a. m. when the loud detonation of the exploding nitroglycerine awakened Overton, who lives a short distance away. Overton grabbed his revolver and ran barefooted toward the station in time to see the thieves rush away. He opened fire which was returned. Nothing was stolen, but the safe was wrecked.

## Tercentennial Exposition

Boston is coming to the front with the announcement that they will celebrate the three hundredth anniversary of the landing of the Pilgrims and the founding of New England by a world's Tercentennial Exposition in the year of 1920.

New England alone, of all parts of the Union, has never had its World's Fair; and it is believed that the national and universal interests in the historic event which the Exposition will commemorate will command the enthusiastic approval and support of the American people of all sections and of all classes.

## Sensitive People

Sensitive people seem to enjoy sensitiveness. They are always on the look-out for something to give them pain. They are much like a cat would be with a tail forty feet long, dragging around on the floor ready to be trampled upon. We are crowded pretty thick upon life's thoroughfare, and can't well help elbowing each other as we pass along. Ninety nine times out of every one hundred no harm is intended, but the sensitive people, who have the longest and sharpest elbows of anybody, are always attributing a motive to every accidental jog they get. The fact is, personal importance is at the bottom of this whole thing. The world is not thinking of you—has no desire to hurt you—but you imagine that the whole world should be run in your interest.—Exchange

## A. E. Sondag, the Tailor

A. E. Sondag, the tailor, formerly of Sonoma, was in the valley this week taking orders for men's tailor-made suits. Mr. Sondag and family are temporarily located in Fruitvale, but the former expects to get permanent quarters for his tailoring establishment in the metropolis, in the near future. For many years he has enjoyed a liberal patronage from this valley and his work always gives satisfaction. Mr. Sondag will make regular weekly trips to the valley and solicits a share of the trade. Give him a trial order for a good suit and you'll be satisfied.

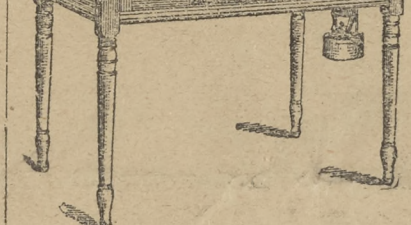

Larger than any steer ever killed in the West, and probably the largest animal in the world, was slaughtered at the Miller & Lux abattoir in Butcher town. On the hoof the huge beast tipped the scales at 2500 pounds, and the dressed carcass weighs 1500 pounds.

## WEEKLY EXPOSITOR

PUBLISHED EVERY FRIDAY BY

C. L. NEWMAN

Editor and Proprietor.

Entered at the Sonoma Postoffice as second-class matter.

FRIDAY, MAY 7, 1909.

### A Booster Club.

Sonoma Valley is now on the high road to become a populous and prosperous community and is therefore confronted with problems such as transportation, postal service, good roads, sanitation, advertising, etc., which can only be handled by a voluntary organization of the business men, formed to take up and solve these questions to our satisfaction.

Our Board of Trade is composed, and therefore with the idea of putting new life into us the associated Booster Clubs of Napa, Santa Rosa and Petaluma, known as the North Bay Counties Promotion Committee, want to hold their June meeting in our town.

This is an excellent idea and should be taken up with avidity, and pushed to success, so as to impress our visitors with the energy and enterprise of the new Sonoma, as well as the well known hospitality of the old Sonoma. Boost, boost, boost.

We clip the above from Duhring's letter for April.

Mr. Duhring is right when he says our Board of Trade is Com-tose—worse than that—it is more than asleep and we are sorry to say that is so far gone that our sister cities have taken notice. But let us awaken and welcome this body of boosters, should they arrive here, and show them that Sonoma has come out of this slumber with more vim and vigor than ever before and is now ready to do things.

### A Wonderful Cure

Last Sunday little Ruth Clements, the four-year old daughter of Mr. and Mrs. A. L. Clements, returned home from San Francisco, where she has been since last August under the care of Dr. Einar H. Smith, being treated for double dislocation of the hips. The little one was born with both hips dislocated, and could scarcely walk, and it was thought she was fated to go through life a cripple. Upon the advice of Dr. Leix, the little one's parents consulted with Dr. Smith, who assured them that a cure was possible under Dr. Rentz's knifeless surgery method. The little was taken down to San Francisco on her third birthday and given under Dr. Smith's care, and as proof of his skill she has returned home cured, with strong hips and able to run and play with children of her age. She was kept in plaster of paris casts all of the time since she was first operated on until last Friday when the casts were permanently removed. The child underwent four operations, the limbs being placed in different positions each time. The little girl was taken before the students of the different medical colleges of San Francisco, Oakland and Berkeley and the method of operation was explained to the student bodies of each. We understand that Dr. Smith will address the Sonoma County Medical Association in the near future taking this case as his subject. Dr. Smith is justly elated over his success for it has been pronounced the most wonderful cure of its kind, that has ever taken place on the Pacific Coast, with the exception of those of Dr. Rentz. It is scarcely necessary to say that the parents are as happy as the complete recovery of their child.

### Eighth Anniversary

For the eighth time in an equal number of years, Mr. and Mrs. Theodor Richards have decided to celebrate the anniversary of their proprietorship of Agua Caliente Springs and in other columns of this issue tell the public of their intention.

Those who have attended these anniversaries in the past can well remember the good times they had and the large crowds in attendance, and will undoubtedly return to enjoy this anniversary.

As we stated elsewhere Mr. and Mrs. Richards have been busy with many improvements and have everything in hand so that they can handle the large crowds and furnish pleasure and amusement to all.

They have made arrangements whereby on the above date they will have special talent and will furnish an entertainment of merit.

A dance will be given in the evening and the best music obtainable has been engaged, and those loving the pastime can dance to their heart's content.

Taking into consideration the fine dinner, the magnificent grounds, the excellent management, the fine bath house and its sulphur, electric and hot water baths and large and clean swimming tank, where those can select their own enjoyment, we feel sure in saying the day will be well spent among pleasant environments.

We note the buses from our several hotels and resorts are carrying more passengers than usual this week. Apparently the summer trade has commenced and we predict this to be the best season yet.

### The Fetters' Place

Mr. and Mrs. Geo. Fetters have been rushing the construction of their new hotel at Caliente the past month and now inform us that the hotel will be finished and ready for occupancy in about three weeks. It is a beautiful building with large rooms and halls and the architect is to be complimented upon his work in drawing the plans.

The Club house is now open and is a beauty both inside and out. The bar alone costing over \$900 and it is stated that colored minstrels and dancers will arrive Saturday from the Bell theatre in Oakland and will remain the whole season, furnishing a variety of music, clogs, jigs, etc.

Another well has been bored, not far from the one that now flows, at a temperature of 97 degrees, while the first well still furnishes a steady stream at a temperature of 114 degrees.

The new bath house is to be erected as soon as the hotel is finished and will be very large.

Lawns and fencing are being fixed up as rapidly as possible.

### Convent School Picnic

On Monday last the pupils and a number of the Sisters of the Presentation Convent held their annual school picnic, at the beautiful Spreckles ranch, which was thrown open to them for that day. As is the usual custom all made an early start in buses and other vehicles. At noon all took part in a fine spread, which had been carried with much care to the grounds.

All amusements on these pretty grounds were for them to enjoy and the one that took up most of their time was rowing on the beautiful lake.

Late in the afternoon the picnic broke up, all declaring it to be one of the most enjoyable times ever held.

### W. O. W. Ball

The several committees having the Grand Ball in charge to be given by the Woodmen of the World in Union Hall on May 15th, are working diligently and are not overlooking a single thing.

The banquet committee are preparing a feast that will be a pleasure to partake of.

Both Union and Woodman Hall will be decorated.

Parties desiring tickets may obtain them from any Woodman or at the Sonoma News Depot.

This dance bids fair to be one of the best of the season.

### A Jolly Crowd of Sons

Yesterday afternoon the Native Sons of Sonoma put on their best bib and tucker and in autos and livery rigs started for Santa Rosa to be present at the dedication of the new building of that order.

There were about twenty members in all and those in Gottenberg's auto went via Petaluma.

After the dedication they enjoyed a banquet and dance and some returned this morning weary but satisfied while others remained to enjoy the Carnival.

### Masonic Home Band

Mr. Bennett, instructor for the Masonic Home Boys' Band, was in Sonoma yesterday making arrangements to bring the boys here this summer.

They are scheduled to arrive and entertain us in Union Hall on the evening of Tuesday, July 13th.

It will be remembered the boys were here last year and gave a concert and dance, which was enjoyed immensely by all.

They will be accompanied by Debbin's Orchestra, who were with them last year, and who will play for the dance which will last until 2 A. M. For her details will appear in these columns later.

### A Serious Accident

While returning from work Wednesday with his team hitched to a mower Chas. Romelli met with a serious accident.

It seems that the neck yoke supporting the tongue of the mower broke and when Mr. Romelli got down from his seat to investigate the team became frightened, knocking him down and running over him.

Dr. Hays was called and took 15 stitches in his scalp and reports his having one rib broken and being bruised up and injured internally.

He is now at the old Ed. Johnson place and is resting as easily as could be expected.

### Wedding Announced

Cards are out announcing the marriage of Miss Ida White to William C. Kerr May 30, 1909 at the home of the bride's parents in San Luis Obispo, California.

Miss White is the daughter of Mr. and Mrs. Geo. F. White who lived in Buena Vista for a number of years. She is well known here, having attended the High School, and was very popular. Her host of friends join the EXPOSITOR in extending congratulations and well wishes to the happy couple.

They will be at home after June 5, 1909.

The Healdsburg Enterprise says: "There are almost three to one more Reo autos in this city than any other car and perfection and satisfaction is given in every instance."

## Interesting News of the Valley.

Doings of the Week Summarized by Live Correspondents.

### High School Report.

The "University Man" has not shown up yet!

Miss More led the Wednesday afternoon talk this week.

A party of High school scholars planned to ride to Santa Rosa Saturday to attend the Rose Carnival but for several reasons the idea was given up.

The third and last act of "The Ulster" is now under way. Aided by the untiring efforts of Miss More and Miss Trueblood, the rehearsals are getting along nicely.

Last Friday evening witnessed the most enjoyable dance ever given at the High School Assembly Hall. The room was tastefully decorated in white roses and syringa. Mrs. Robert A. Poppe kindly offered to play for the dancing. Dancing ceased at midnight and then all departed, the Basket Ball Boys declaring the dance a success.

Our boys have been invited to take part in a track meet at Santa Rosa in a few weeks. Several of the schools will take part. Even though our boys received short notice, they are already getting in trim and hope to land on the other contestants like a cyclone.

The boys practiced on the Sonoma track lately and found that they had some fine material. Ray Cooper made the hundred yard dash in 11 seconds and that was only practice. Our best material shows up in Cooper, Revie, Woodworth, Clements, Trowbridge and the Dresels.

ANA NIAS.

### Shellville Items.

Miss Alice Church is visiting her sister Mrs. F. A. Schell for a few days.

W. J. Clements made a business trip to Santa Rosa Saturday in his auto.

C. H. Anderson, a retired rancher of the Baxter Track, has moved to San Francisco where he will be more closely connected with the social side of life.

The large tent which is so noticeable in passing through Shellville, is not occupied by Ringling Bros. Circus, it is simply the summer home of A. F. Green, the operator at the Northwestern Depot.

John Harper and wife, of San Francisco, are spending a few days with Mr. and Mrs. J. Keiser. Mr. Harper formerly a fruit grower in this portion of the valley, is now a "Blue Jacket" in San Francisco and it is now said that he is the Cop responsible for the reputation of Happy Hooligan and Suzanne for six months.

### GLEN ELLEN NEWS

A number of people attended the opening dance at Kenwood last Saturday.

105 children were listed by the school marshal in this District.

The Grangers will give a dance at the Mervyn Hall May 15.

A number of Native Sons attended the dedication of the new Hall in Santa Rosa Thursday.

Chas. Payne our local photographer has created a new studio near the Woodworth paint shop.

It has been reported that the California Brick and Pottery Co.'s plant at this place will begin operation next Monday.

**Sonoma Day.**

The Sonoma Valley Woman's Club succeeded in having the Board of Trustees set aside a day to be known as Sonoma Day, May 19th, and are to start out the fore part of next week to solicit for teams and laborers for the purpose of hauling soil to the plaza and making a fine lawn.

They expect the citizens to join heartily with them and each to throw off his coat, put on a pair of overalls and come prepared to throw dirt, and as the clock strikes twelve, to sit down to a fine lunch to be served in the plaza by the club.

It is expected that at least fifty teams will be hauling dirt on that day and there should be at least that many more citizens busy with shovels in the plaza.

The Trustees are to furnish the soil and side shovels at the pit and the citizens are to haul and distribute it on the lawn.

This is an excellent opportunity for each and every citizen to show their mettle and prove they are interested in Sonoma and its advancement.

**Trustees Meeting**

Wednesday evening last the Board of Trustees of Sonoma met in regular session and concluded in special session on the following evening in the City Hall and transacted the following business:

Twenty applications for Saloon license and three applications for wholesale license were received and reported favorable. These applications are all for renewals of licenses.

A petition was received asking for a Public Library and was placed on file awaiting to find out just what power and action the Board had in the matter.

A petition was received from the residents on Broadway asking the Board to set aside a day to be known as Sonoma Day for the purpose of all citizens joining hands and help on the day set apart, shovel and work in unison for the expressed purpose of filling in and grading the lawn between the City Hall and Napa Street. The trustees set the day of Wednesday May 19.

The contract with the electric light

company was continued one month.

A resolution was unanimously adopted fixing the width of the side walk on Second Street East from Napa to Germany Street at ten feet.

The following resolutions were also unanimously adopted:

Resolved, that the chairman of this Board be and he is to be the city of Sonoma, a number of more than one office, including books, photographs and letters, relating to the early history of California.

Resolved further that this Board learn with respect of Mrs. Snyder's intention of permanently moving from Sonoma Valley, and severing her ties with its people whom she has so long been associated.

Resolved further that we tender to this estimable lady the good wishes of the people of Sonoma Valley, and express the hope that her new life in her new home may be abundantly prosperous and happy.

**Two Runaways**

While Mr. Felders was busy in the upper part of this city Wednesday his team became frightened at a passing auto and ran away, creating considerable excitement on our streets and were finally caught at Clave's corner.

No one was hurt and the wagon did not meet with serious injury, but it is stated that the harness was pretty badly broken up.

Thursday the horse belonging to the proprietors of the Sonoma House became frightened and made a speedy spint for home and, like the above, injured only the harness.

Remember the Granger's Ball to be given in Glen Ellen on May 15. Mrs. Ida Wegner and Mrs. Lou Payne are the committee having the matter in hand and assure all present a good time.

## BUSYBODIES VS. TRUTH.

Here Are The Facts—Judge For Yourself.

Busybodies who see in success only ability, who, without making an effort to inform themselves, blantly cry offense against honesty and truth—seen to forget that a slur against Dr. Pierce's well-known non-alcoholic family remedies is a slur against the intelligence of thousands of clear-thinking American women who know they have been helped and cured by Dr. Pierce's Favorite Prescription. It is not a "patent medicine" in any sense—it is simply the favorite remedy which Dr. Pierce used in an extended practice for the treatment of the diseases peculiar to women.

**Truth and Influence.** A name for honesty and square dealing is better than great riches. Dr. R. V. Pierce has always been known to speak the truth—his famous medicines are founded on the rock of public approval and have thousands of truthful testimonials as to their ability to cure diseases for which they are recommended.

**True Speaking.** No man ever through telling the truth, in the long run Dr. Pierce believes the truth will prevail and he is therefore not afraid to make public his formula.

**Valuable Trade Secrets.** The ingredients of Dr. Pierce's Favorite Prescription are given to the public. He vindicates the excellence and harmless character of his "Prescription" by letting all women know just what they are taking when they use this valuable tonic and service for the diseases and illnesses peculiar to females. These ingredients are combined in just the right proportion to make an efficient remedy, without the use of a particle of alcohol, and they are as follows: Golden Seal root, Black Cohosh root, Unicorn root, Blue Cohosh root, Lady's Slipper root, with chemically pure glycerine of proper strength for

extracting and preserving the active medicinal principles residing in the above native roots.

**No Alcohol Used.** Dr. Pierce never believed it necessary or advisable to use alcohol in the preparation of either his "Favorite Prescription" for weak women, or his "Golden Medical Discovery," the well-known alternative tonic, which is so largely used as a remedy for indigestion, torpid liver, bad blood and kindred ailments. Over forty years ago, he discovered that chemically pure glycerine is a far better solvent of most of the active principles residing in our native medicinal plants when used at a proper and sustained temperature than is alcohol and, furthermore, he found that a glyceric extract kept much better than an alcoholic one, and that the glycerine possessed intrinsic remedial value, being demulcent, nutritive and an effective anti-ferment. Although costing somewhat more, Dr. Pierce holds that glyceric medicinal extracts will, in the not distant future, largely replace alcoholic ones so generally prescribed by physicians and put out by proprietary or "patent medicine" manufacturers, as being more efficient and entirely free from the serious objection of making inebriates when used in lingering or chronic cases, where a somewhat protracted use of medicine is necessary to matter how good or well adapted to the case it may be in order to obtain permanent results.

**Dr. Pierce's** When the "Favorite Prescription" is not quite laxative enough, as in obstinate constipation, the little, pleasant, sugar-coated "Pellets" should be taken to aid the "Prescription." One or two for a laxative, two to four for a cathartic. They alone have been known to cure many bad cases of stomach trouble, dyspepsia and indigestion. Their action on the liver and regulate the bowels. Put up in glass vials, corked, therefore, always fresh and pure.

**Pleasant Pellets.**

## BREVITIES

In searching for a way to get around the Wright railroad law, which does not permit railroads to transport exhibits free to State fairs, Secretary Kavanaugh of the State Agricultural Society has discovered a provision in the grant to the Central Pacific Railroad Co. of \$10,000 a mile by the Legislature in 1863 which exempts the State from payment for the transportation of convicts, materials for construction of the State capitol and articles intended for show at State fairs. The provision is not repealed by any subsequent act.

The American Sugar Refining Company of New Jersey and the New York corporation of the same name paid April 30th into the United States treasury about \$700,000, completing a payment of approximately \$2,000,000 in settlements and claims made by the Government in its recent charge of fraud on the part of the sugar company.

Former President Theodore Roosevelt killed three lions, and his son Kermit one on May 1st. Roosevelt got all his with a single shot for each, although Kermit took three shots to get his one. The hunters are now working south for giraffe and other big game.

There isn't any guess work about Kodol. We do not say to you, that it may be or might cure your dyspepsia—we say it will. We know it will, because it is made to digest food you eat, and when your food digests you can't have indigestion—that's all interjection is—your stomach fails to digest your food. Heartburn, sour risings, belching, dull, heavy feeling and such things are all caused by indigestion. Kodol stops them by digesting all the food you eat. A teaspoonful of Kodol digests 24 pounds of food. It is a pleasant, palatable, liquid combination of natural digestive juices and vegetable acids. Sold by all druggists.

Queen Wilhelmina gave birth to a daughter at an early hour Friday morning April 30. The populace are much disappointed, as they had hoped for a son to be born to the royal pair.

You ought to have Kodol handy all the time. Everyone at some time—and you can't tell when—has poor digestion, due to many different things, but mostly to eating excessively, or eating wrong kind of food. These little attacks of indigestion are what bring on other ailments, such as other acute indigestion, chronic dyspepsia, and even more serious permanent illness. Kodol is guaranteed to give relief. Try it today. Sold by all druggists.

When poor fruit is produced there is a reason. Aim to find it by a careful study of the trees and conditions.

In constructing the arms of a great cantilever bridge in England recently it was calculated that they would meet, when all the parts were in place, when the thermometer stood 60 degrees. On being warmed, the air was sufficiently hot so that the bolt holes came in line and the junction was made.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies and by constantly failing to cure with local treatment, pronounced it incurable. Science has pronounced it a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucus surfaces of the system. They offer \$100 for any case it fails to cure. Send for circulars and testimonials.

Mrs. M. B. Bray, of Columbus, Ga., says De Witt's Kidney and Bladder Pills cured her of kidney trouble. These pills are antiseptic and relieve pain quickly. Insist upon De Witt's. Send your name to E. C. De Witt & Co., Chicago, for a free trial box. Sold by all druggists.

The great fleet of salmon-ships which annually puts to sea from San Francisco for the Alaskan canneries is now on the way, and the first of the vessels to sail are probably near their destinations in the Gulf of Alaska or Bristol Bay, beyond the Aleutians. In July, usually, the first of the packers return with their cargoes and the last of them, with the fishermen and cannery hands, will be back before October. Thursday the schooner Salvador and steamer Nushagak sailed for Bristol Bay with supplies.

Several men have been here this week peddling cloth for both men's and women's suits. They are using various pleas to secure attention and make sales, one of them being a claim that the goods had been smuggled into the country from England, without payment of duties, and that there for can be sold cheaper than by stores. The men are transients, and the only benefit the town gets from them is a \$2 per day license, while local merchants, who pay rent and maintain families keep money spent in their store in local circulation, and help build up the community. By the time the trimmings are purchased and the goods made up, it is generally more expensive than purchasing of a local dealer, and nearly always less satisfactory. Press Democrat.

This is a warning. Don't patronize these people. They are more of a nuisance than a benefit and should not be encouraged.

De Witt's Kidney and Bladder Pills quickly relieve backache, weak backs, pains in the groin, rheumatism, urinary disorders, etc. Insist on having De Witt's Kidney and Bladder Pills. Send your name to E. C. De Witt & Co., Chicago, for a free trial box. Sold by all druggists.

Immigration Inspector Griffith has just finished an examination of the alien patients at Napa asylum, and out of fifteen brought under his observation six at least are subjects for deportation on the ground that they were mentally disqualified when they landed in this country. He will visit Stockton next week and then Ukiah, where he will also conduct examinations. A large percentage of those who are candidates for deportation are women, and many may charge their return to a family history showing insanity in the blood.

Polishing the plate and the cutlery and in the discharge of the general duties of a pantry and kitchen man in a hotel, a scion of British nobility has been working in the Occidental Hotel, Santa Rosa. He is Walter Kitchner, a cousin of Lord Kitchner, the British general. He confided to his fellow employees his identity and showed them letters from England bearing the crest and coat of arms of the Kitchner family. It was an appetite for "seeing life" he said to have made him a rover. He quit his job last week and went to San Francisco.

If you expect to get the original Carbolized Witch Hazel salve, you must be sure it is De Witt's Carbolized Witch Hazel Salve. De Witt's is the original—others are imitations. It is good for cuts, burns and bruises, and is especially good for piles. Refuse substitutes. Sold by all druggists.

Retailers are necessary according to present methods of doing business, and until farmers organize a selling of their own, middlemen will continue to toll the farmers' grist as thoroughly as the traffic will bear. Peaches may rot on the ground in Missouri while selling for two cents each in Chicago, but the farmer in Missouri is helpless because he has no representative in the market center. The time will come when farmers will have an agent at each central point to handle farm products and distribute them either to the consumer or retail grocer. When that time comes farmers will come near getting what they work for. It is just as necessary to sell right as to arm right.—Agricultural Optimist.

## Wise Talks by the Office Boy.

Well! I guess that rain we saw coming must have gone down some side street and got lost. It places me in rather an embarrassing position as I had assured the boss that rain would sweep down on Sonoma Valley before May would get here.

Anyhow one of the largest wholesale millinery houses in the west sent a representative to see us and made us a spot cash proposition on a large and beautiful assortment of fine up-to-date millinery. The quantity was so large that only large dealers, like ourselves, could consider it. But the concessions made in prices enabled us to cut the price of all our millinery 25 per cent. which will double our millinery sales, and turn this immense stock. As a consequence our customers receive the benefit, and we sustain our reputation as the store of exceptional values in good merchandise. Therefore, we will sell all millinery at a reduction from our regular prices of 25 per cent. or one-fourth off. \$5.00 hats now cost \$3.75, and all others in proportion. Gosh that is going some. Then we are going to give ten per cent. off on clothing until May 15. This includes the new spring suits, men's and boys', extra pants, etc. We believe we can please you and save you money. Good values in everything in our line. Stroll in. WILLIE, With Sonoma Racket Store
